

Dr. Kashif Naseer Qureshi

Associate Professor

Dept. of Electronics & Computer Engineering, Faculty of Science & Engineering, University of Limerick, Limerick, V94 T9PX, Ireland

Mobile: +3537364823

Email: kashifnq@gmail.com; kashifnaseer.qureshi@ul.ie

Research gate: https://www.researchgate.net/profile/Kashif_Qureshi5

Google Scholar: <https://scholar.google.com/citations?user=yENEwuoAAAAJ&hl=en>

Career Goal:

An experienced Computer Science, Cyber Security and Information technology professor/researcher with over 15+ years of experience at leading academic institutes in Malaysia and Pakistan. Teaching the students from diverse social and cultural backgrounds with excellent administrative, verbal communication and effective teaching methods in field of computer science, information technology and communication technology.

Achievements:

- Name included in 2021, 2022, 2023, 2024 and 2025 list of top 2% scientists of the world from Stanford University, USA. <https://www.ul.ie/research/news/university-of-limerick-researchers-listed-in-worlds-top-2-scientists-rankings>, <https://elsevier.digitalcommonsdata.com/datasets/btchxktzyw/7>
- Best Researcher Award from Bahria University, Islamabad (2020 to 2021)
- High Impact Factor Publication Appreciation Award from Bahria University, Islamabad (2021)
- Article of the Year Award from Journal of Sensors (2021)
- Partial Scholarship from Higher Education Commission (2015)
- International Doctoral Funds throughout PhD studies from Malaysian University (UTM)
- Graduate Assistant Ship (6 Month) from Malaysian University (UTM)

Professional Experience:

Associate Professor (Cybersecurity), 1 July 2022 to date

Dept. of Electronics & Computer Engineering, Faculty of Science & Engineering, University of Limerick, Limerick, V94 T9PX, Ireland

- Working in Information Security Architecture Module in Cyberskills project
- Lecturing to Industrial Experts Ireland
- Assist and Supervise research students
- Research on new integrated Information Security Architecture, Infrastructure and Standards

Academic Advisor (2023 to date)

Academic and Industry Advisors for the School of Computing, Bath Spa University Academic Center RAK, Dubai

<https://www.ccstuds.com/post/our-academic-and-industry-advisors-for-the-school-of-computing>

Senior Cybersecurity Adjunct Professor (2021 to date)

QCT College, Calgary Alberta Canada

- Research Contribution
- Program Development for Technology in Business
- Curriculum Development

Senior Business and Information Technology Adjunct Professor (2021 to date)

Hamptons College, Calgary Alberta Canada

- Curriculum Development
- Program Development
- Research Contribution

**Senior Associate Professor (Computer Science), 1 May 2022 to 30 June 2022
Cluster Head (Cybersecurity)**

Bahria University, Islamabad, Pakistan

- Research on new integrated wireless technologies, Information Security
- Lecturing MS-IT, MS-IS, BCS, BS-IT, PhD
- Assist and Supervise research students (10 MS and 2 PhD)

**Associate Professor (Computer Science), 1 September 2020 to 30 April 2022
Final Year Projects Coordinator (IT/CS)**

Bahria University, Islamabad, Pakistan

- Research on new integrated wireless technologies, Information Security
- Lecturing MS-IT, MS-IS, BCS, BS-IT, PhD
- Assist and Supervise research students (10 MS and 2 PhD)

Senior Assistant Professor (Computer Science), 30 August 2016 to 30 August 2020

Bahria University, Islamabad, Pakistan

- Research on new integrated wireless technologies.
- Lecturing MS-IT, BCS, BS-IT
- Assist and Supervise research students

Research Assistant (Intelligent Transportation System Project), 2013 to 2016

Universiti Teknologi Malaysia, Malaysia Pervasive Computing Research Group (PCRG) Faculty of Computing.

- Research on new integrated wireless technologies.
- Publish research articles
- Arrange workshops and conferences
- Assist new research students

Senior Lecturer (Computer Science), 2007 to 2012

Brains University Peshawar Brains, Pakistan

- Lecturing computer networks, wireless communication, system administration, theory of automata, operating systems

- Supervising student projects
- Member wireless research group (CROWN)

Assistant Director (Information Technology), 2004 to 2006

Pak Turk International Colleges and Schools Information Technology Division, Peshawar and Islamabad Branch

Some key responsibilities include:

- To maintain and computerize the records of the section in the form of a database (MIS) and also to develop software and applications for the department.
- To maintain the software related issues of Network (LAN, WAN) and also the troubleshooting in the internet services and also input in the procurement of computer equipment of the department.
- To ensure the data security and backup of the important data of the department.
- To supervise the technical staff and coordination with higher authorities.
- To assign the daily tasks to the staff of the computer section.

Visiting Faculty (Computer Science), 2018 and 2019

ARID University, Rawalpindi, Pakistan

- Computer Networks, Wireless Communication, Communication Systems and IT related subjects to Bachelor and Master Level Students (B-Tech and MSc. and BS).
- Supervising Student Projects.

Visiting Faculty (Computer Science), 2019

Air University, Islamabad, Pakistan

- Cyber-Security Related, Computer Networks, Wireless Communication, Communication Systems and IT related subjects to Bachelor and Master Level Students (B-Tech and MSc. and BS).
- Supervising Student Projects.

Projects

Jaguar Land Rover, Shanon, Ireland (2023)

Title of Project: Securing Vehicle to Infrastructure (V2I) Communication Using Requirement Analysis and Testing

The objective of this project to design a system which address the various security issues such as the Man in the middle (MITM), replay attacks, and establish a reliable communication channel for V2I communications and ensuring enhanced security and accuracy.

Role in the project: Supervising Master of Engineering in Information and Network Security Student

Higher Education Commission Pakistan/Planning Commission Pakistan (2018 to 2022)

Title of Project: Cyber Reconnaissance and Combat (CRC)/Capital Cost: Rs.1239.74 Million/ 398,540.28 Euro

The research is supported by Higher Education Commission (HEC) and conducted in collaboration with Planning Commission Pakistan and Bahria University, Islamabad. Project is mainly focused on R&D and human resource development in the specialized field of Cyber Security and its practical applications, which are important components of Vision 2025. The role of Cyber Security is growing in many businesses and applications, and is becoming vital for economic growth and national competitiveness. The idea is to provide a platform for boosting Cyber Security related R&D to have strong footings in international Cyber Security industry, reduce skill gap, and make Pakistan self-sustainable in this domain.

Role in the project: Key Researcher

National Vocational and Technical Training Commission (NAVTTTC) (2020 to 2022)

Title of Project: Kamyab Jawan-Hunarmand Pakistan Program/Capital Cost: Rs. 7 Million/23,248.06 Euro

The research is supported by Government of Pakistan to dispensing the high-end skills to the youth. This program is providing skill sets and trainings in the areas of cyber security, embedded systems and machine and deep learning in Bahria University, Islamabad under research project no project no 340/RO/NAVTTTC-Isl/Trg.

Role in the project: Trainer

Higher Education Commission Pakistan

Title of Project: An Enhanced Geographical Routing and Congestion Scheme for Vehicular Ad hoc Networks

The research is supported by Higher Education Commission (HEC) and conducted in collaboration with Bahria University, Islamabad under research project no 1558, Startup Research Grant.

Role in the project: Key Researcher

Ministry of Higher Education Malaysia Project

Title of Project: An Enhanced Geographical Routing Protocols for Intelligent Transportation Systems (Capital Cost: 40,000 MYR/8,212.87 EUR)

The research is supported by Ministry of Education Malaysia (MOE) and conducted in collaboration with Research Management Center (RMC) at Universiti Teknologi Malaysia (UTM) under VOT NUMBER: QJ130000.2528.06H00.

Role in the project: Key Researcher

Educational Background

Postdoc (Intelligent Transportation System) (2021-2022)

Department of Embedded Systems Engineering, Incheon National University, Incheon, South Korea

Research Topic: Blockchain-Based Privacy-Preserving Authentication Model Intelligent Transportation Systems

PhD (Computer Science), 2013 – 2017

Universiti Teknologi Malaysia, Malaysia Major: Ad hoc Networks/Wireless Communication
Thesis: An Enhanced Geographical Routing and Channel Congestion Scheme for Vehicular Ad Hoc Networks

MS (Information Technology), 2010 – 2013

Institute of Management Sciences Peshawar, Pakistan Major: Wireless Communication

MCS (Computer Science), 1999 – 2003

University of Baluchistan, Quetta, Pakistan

Professional Diplomas

- Six Months Advance Diploma in Information Technology (ADIT)
- Six Months of Cisco Academy Diploma in CCNA
- MCSE (Microsoft Certified)
- ISC2 Certification
- Introduction to Cybersecurity (CISCO)
- Ethical Hacking (CISCO)
- Network Defense (CISCO)

Ongoing Research

- Security and Trust Mechanism for Internet of Things, Cloud Computing, Smart Cities
- Data Routing for Wireless Sensor Networks, Internet of Vehicles, Wireless Body Area Networks, Under Water Sensor Networks, Internet of Things and Smart Cities
- High Performance Computing (HPC)
- Data Communication systems in Internet of Things (Healthcare Systems).
- Software Defined Networks (Architecture, Security and Modeling)
- Intrusion Detection Systems

Courses Taught so far

Graduate Courses

- Telecommunication Network Management (2017)
- Network Administration Management (2017)
- Advanced Computer Networks (2018)
- Research Methodology (2018)
- Research Methods in PhD Studies (2019)
- Mobile Communication and Networks (2019, 2020)
- Advance Network Security (2020)
- Information Security Management (2020)
- Information Security Architecture (2023)
- Practical Cybersecurity (2023)
- Converged Networks (2023)
- Computer Networks (2023)
- Multimedia Networks (2023)

Undergraduate Courses

- Object Oriented Programming (2017)
- Computer Architecture & Organization
- Introduction to Information & Communication Technology
- Computer Architecture (2017)
- Computer Programming
- Computer Organization and Assembly Language (2019)
- Data Communication and Networks (2018, 2019, 2020)
- Operating Systems
- Information Security (2020)
- Windows Administrator (2024)
- Cryptography (2025)

Graduate and PhD Thesis Supervision

MS (Information Security and Computer Science)

In Pakistan

- Optimized Cluster-Based Dynamic Energy-Aware Routing Protocol for Wireless Sensor Networks in Agriculture Precision (MS-TNM)
- Self-Assessment Based Clustering Data Dissemination for Sparse and Dense Traffic Conditions for Internet of Vehicles (MS-TNM)
- An Interference Aware Energy Efficient Transmission Protocol for Wireless Body Area Networks (MS-TNM)
- Improved Segment based Geographical Routing Protocol for Vehicular Ad hoc Networks (MS-TNM)
- Beaconless Traffic Aware Geographical Routing Protocol (MS-TNM)
- A detailed Investigation of Impact of Text Pre-Processing and Attributes Selection Methods on the Performance of Classification Algorithms (MS-SE)
- An Approach to Improve Scalability and Quality of Services in Software Defined Networking (MS-TNM)
- Security Protocol Using Elliptic Curve Cryptography Algorithm for WSNs (MS-IS)
- Multiband Orthogonal Frequency Division Multiplexing (MB-OFDM) Modulation Methods for WBANs (MS-TNM)
- Trust Evaluation Based Approach for Smart Cities Networks (MS-IS)
- An Efficient Framework for SQL Injection Vulnerability Detection in Web Applications and Protection Through Mod security (MS-IS)
- A Novel Approach for Secure Storage, Processing and Transmission of IoT Data Using FPGA Device (MS-IS)
- A Novel and Secure Framework for Industrial Internet of Things (MS-TNM)

In University of Limerick

- Drone assisted secure routing and mobility for internet of vehicles network; EE6073 - Master of engineering in information and network security; Student name: Srivatsa Srihari
- A technical qualitative analysis of securing vehicle to infrastructure (v2i) communication; EE6073 - Master of engineering in information and network security; Student Name : Deepthy Ashok Muccatira
- Security and Privacy Provision in Internet of Vehicles Networks; EE6073 - Master of Engineering in Information and Network Systems; Student Name: Nidhin Prasad Sakete ID-22187774
- Automotive Security for Protecting the Vehicle Electronic Systems; LK256 - Master of Engineering in Information and Network Security; Student Name: Josline Abinaya Major
- Anomaly Based Intrusion Detection System for Smart Cities Networks; EE6073 - Master of Engineering in Information and Network Security; Student Name: Apurva Satish Sankpal

PhD (Computer Science and Information Security)

- Services provisioning by using intelligent learning for long range wide area network (LoRaWAN) (Student Graduated)
- Security Provision by Using Detection and Prevention Methods to Ensure Trust In Edge Based Smart City Networks (In progress)
- A Novel Energy-Efficient and Load-Balanced Trust-Aware Communication System for Smart Internet of Things (In progress)

In University of Limerick

- Navigating the Nexus: Bridging the Gap between GRC Compliance and Zero-Day Vulnerabilities in Critical Infrastructure" Pdraigh Griffin (In Progress)

Editorial Activities

Guest Editor: Engineering: Fortifying Tomorrow: Cutting-Edge Advances in Cybersecurity and Reliability; [Discover Applied Sciences](https://link.springer.com/collections/deafbhejeh), Springer; 2024; <https://link.springer.com/collections/deafbhejeh>

Guest Editor: Emerging Innovations in AIoT: Standards, Technologies, and Communication Systems; POLYTECHNIC JOURNAL, ISSN: 2313-5727, e-ISSN: 2707-7799; <https://polytechnic-journal.epu.edu.iq/home/news.html>

Guest Editor: ZANCO Journal of Pure and Applied Sciences (ZJPAS); ISSN-print: 2218-0230 and ISSN-online: 2412-3986. <https://zancojournal.su.edu.krd/index.php/JPAS/about/editorialTeam>

Guest Editor: Special Issue "New Standards, Technologies and Communication Systems for Artificial Intelligence of Things (AIoT) Networks" Electronics, 2022, https://www.mdpi.com/journal/electronics/special_issues/1ORN8434G5

Guest Editor: Special Issue "Reliable Green Communications for Next Generation Networks", MDPI, Applied Sciences. 2022, https://www.mdpi.com/journal/applsci/special_issues/XS65639LTC#editors

Guest Editor: Special Issue "Physical Layer Security for Sensor-enabled Heterogeneous Networks" *Journal of Sensors, HINDAWI, Impact Factor 1.5, 2021*, <https://www.hindawi.com/journals/js/si/179165/>

Guest Editor: Special Issue "Drone Assisted Internet of Things: Advances, Challenges, and Future Trends", MDPI, Informatics. 2020

Guest Editor: Special Issue on Journal of Computer Networks and Communications, Hindawi, 2018

International Workshop Organizer

C-CODE'19: Organizer in 2nd International Conference on Communication, Computing and Digital Systems (C-CODE' 19) on 6 – 7 March 2019 in Islamabad.

International Workshop on Future Mobility and Applications; on 22 November 2022 in Nottingham Trent University, and IEEE Communications Society, UK. <https://events.vtools.ieee.org/m/330568>

International Workshop on Research Collaboration;

Conferences [C]

2024

- [C-25] Adil Hussain, **K. N. Qureshi**, Ayesha Aslam, Tariq and Muhammad Rabiul Abdullahi" TSC18 Convolutional Neural Network for Traffic Sign Classification; *4th International Conference on Emerging Smart Technologies and Applications 2024 (eSmarTA-2024) which will be held on-site at ALJEEL ALJADEED UNIVERSITY, Sana'a, Yemen*
- [C-24] Adil Hussain, **K. N. Qureshi**, Faizan Zaman, Ayesha Aslam and Tariq "Minor Surface Cracks Detection using SCD11 Convolutional Neural Network; *4th International Conference on Emerging Smart Technologies and Applications 2024 (eSmarTA-2024) which will be held on-site at ALJEEL ALJADEED UNIVERSITY, Sana'a, Yemen*

2023

- [C-23] **K. N. Qureshi**, N. Arshad and T. Newe, "Intrusion Detection Systems for Cyber Attacks Detection in Power Line Communications Networks," 2023 31st Euromicro International Conference on Parallel, Distributed and Network-Based Processing (PDP), Naples, Italy, 2023, pp. 193-199, doi: 10.1109/PDP59025.2023.00038.

2020

- [C-22] H. Qadeer, **K. N. Qureshi**, , F. Bashir and N. U. Islam "Towards an Efficient Intrusion Detection System for High Speed Networks," 2020 17th International Bhurban Conference on Applied Sciences and Technology (IBCAST), Islamabad, 2020.
- [C-21] S. Qayyum, **K. N. Qureshi**, , F. Bashir and N. U. Islam "Hardware Trojan Detection using FBHT in FPGAs," 2020 17th International Bhurban Conference on Applied Sciences and Technology (IBCAST), Islamabad, 2020.
- [C-20] H. M. A. Maqsood, **K. N. Qureshi**, F. Bashir and N. U. Islam, "Privacy Leakage through Exploitation of Vulnerable Inter-App Communication on Android," 2019 13th International Conference on Open Source Systems and Technologies (ICOSST), Lahore, Pakistan, 2019, pp. 1-6.
- [C-19] **K. N. Qureshi**, F. Bashir, and N. U. Islam, "Link Aware High Data Transmission Approach for Internet of Vehicles," in *2019 2nd International Conference on Computer Applications & Information Security (ICCAIS)*, Riyadh, Saudia Arabia, 2019, pp. 1-5: IEEE.

2019

- [C-18] **K. N. Qureshi**, F. Bashir, and S. Iqbal, "Cloud Computing Model for Vehicular Ad hoc Networks," in *2018 IEEE 7th International Conference on Cloud Networking (CloudNet)*, Tokyo, Japan, 2018, pp. 1-3: IEEE.
- [C-17] **K. N. Qureshi**, F. Bashir, and A. H. Abdullah, "An energy and link aware next node selection protocol for body area networks," in *2018 International Conference on Information Networking (ICOIN)*, ChingMai, Thailand, 2018, pp. 721-726: IEEE.

2018

- [C-16] A. Hasan and K. Qureshi, "Internet of Things device authentication scheme using hardware serialization," in *2018 International Conference on Applied and Engineering Mathematics (ICAEM)*, Texila, Pakistan, 2018, pp. 109-114: IEEE.

- [C-15] K. M. Awan, A. Ali, F. Aadil, and **K. N. Qureshi**, "Energy efficient cluster based routing algorithm for wireless sensors networks," in *2018 International Conference on Advancements in Computational Sciences (ICACS)*, Lahore, Pakistan, 2018, pp. 1-7: IEEE.

2017

- [C-14] F. Ullah, A. H. Abdullah, M. M. Arshad, and **K. N. Qureshi**, "Energy efficient and delay-aware adaptive slot allocation medium access control protocol for wireless body area network," in *2017 5th International Conference on Information and Communication Technology (ICoICT7)*, 2017, pp. 1-6: IEEE.
- [C-13] **K. N. Qureshi**, F. Bashir, S. Iqbal, and R. W. Anwar, "Systematic study of geographical routing protocols and routing challenges for Vehicular Ad hoc Networks," in *2017 13th International Conference on Emerging Technologies (ICET)*, 2017, pp. 1-6: IEEE.
- [C-12] **K. N. Qureshi**, F. Bashir, and A. H. Abdullah, "Real time traffic density aware road based forwarding method for vehicular ad hoc networks," in *2017 10th IFIP Wireless and Mobile Networking Conference (WMNC)*, 2017, pp. 1-6: IEEE.
- [C-11] **K. N. Qureshi**, F. Bashir, and A. H. Abdullah, "Provision of Security in Vehicular Ad hoc Networks through An Intelligent Secure Routing Scheme," in *2017 International Conference on Frontiers of Information Technology (FIT)*, Islamabad, Pakistan, 2017, pp. 200-205: IEEE.
- [C-10] R. W. Anwar, A. Zainal, M. Bakhtiari, and **K. N. Qureshi**, "An intelligent hybrid approach to encounter coverage holes for wireless sensor nodes deployment in the field," in *2017 13th International Conference on Emerging Technologies (ICET)*, 2017, pp. 1-4: IEEE.

2015

- [C-9] **K. N. Qureshi**, A. H. Abdullah, R. W. Anwar, and F. Ullah, "A Systematic Review on Routing Protocols of Vehicular Ad Hoc Networks," in *KSII The 7th International Conference on Internet (ICONI) 2015*, 2015, vol. 7, pp. 205-210: KOREAN SOCIETY FOR INTERNET INFORMATION.
- [C-8] **K. N. Qureshi**, A. H. Abdullah, R. W. Anwar, and M. Bukhari, "SSNM-Smart Sensor Network Model for Vehicular Ad hoc Networks," in *2015 International Conference on Smart Sensors and Application (ICSSA) IEEE*, 2015, pp. 82-87: IEEE.
- [C-7] R. W. Anwar, M. Bakhtiari, A. Zainal, A. H. Abdullah, and **K. N. Qureshi**, "Enhanced Trust Aware Routing against Wormhole Attacks in Wireless Sensor Networks," in *2015 International Conference on Smart Sensors and Application (ICSSA) IEEE*, 2015, pp. 56-59: IEEE.

2014

- [C-6] **K. N. Qureshi**, A. H. Abdullah, and G. Ullah, "Sensor based Vehicle Environment Perception Information System," in *4 IEEE International Conference on Ubiquitous Intelligence and Computing/International Conference on Autonomic and Trusted Computing/International Conference on Scalable Computing and Communications and Its Associated Workshops*, 2014, pp. 697-700: IEEE.
- [C-5] **K. N. Qureshi**, A. H. Abdullah, and R. W. Anwar, "The Evolution in Health Care with Information and communication Technologies," in *ELSEVIER, 2nd International Conference of Applied Information and Communications Technology-2014, Oman*, 2014: ELSEVIER.

Qureshi**, "A Roadmap to Wireless Sensor Security Protocols Implementation in Health Care System," in *Proceedings of "The 2nd International Conference on Applied Information and Communications Technology" - ICAICT 2014*, 2014: Elsevier Publications 2014.

2013

- [C-1] **K. N. Qureshi** and A. H. Abdullah, "Industrial Wireless Sensor Network Architecture Standards, Applications," in *AsiaSense, the sixth international conference 2013, Melaka, Malaysia*, 2013: AasiaSense.

Reviewer/Editorial/Technical Program Committees

- Life Science Journal, USA, Since 2013
- Canadian Journal of Electrical and Computer Engineering (CJECE), Since 2014
- International Journal of Distributed Sensor Networks, Since 2014
- World Applied Sciences Journal, Since 2014
- TELKOMNIKA Indonesian Journal of Electrical Engineering, Since 2014
- Journal Coordinator Health Nursing & Care, Since 2015
- Canadian Journal of Electrical and Computer Engineering, Since 2015
- IEEE Sensors Journal, Since 2015
- KSII Transactions on Internet and Information Systems, Since 2015
- Wireless Personal Communications, Since 2015
- IEEE Access, Since 2018
- IET, Since 2018
- EURASIP Journal on Wireless Communications and Networking, Since 2019

Professional Training:

- Two weeks' management training from Department of Information Technology Peshawar.
- 2 Days Seminar in Pakturk International Peshawar 1. The education resource information Centre (ERIC) sponsor by IES of the U.S.
- Mass awareness and advocacy campaign on rights & responsibilities through framing and publicizing issues or relevant MDGs by UNDP, SDC EIROP, 18-19 Sep 2009.
- Social accountability training by IRC.
- PMP training by PMI Lahore
- Proposal writing workshop in Pakistan Academy of Rural Development
- Thesis writing training in National College of Rural Development
- Literature Review Writing, UTM, Malaysia 8. How to Publish Papers, UTM, Malaysia

Professional Skills:

- **Network simulation tool:** Omnet++ using C++, NS-3, MOVE, SUMO, NetSIM
- **Programming languages:** C/C++, Python, Java, Php, ASP
- **Database:** Oracle, My SQL, SQL Server, MS Access, Post greSQL

Workshops Conducted:

- **Workshop on OMNeT++ & NS-2**

Arranged and conducted a detailed seven days' workshop on OMNeT++ & NS-2 for enhancing simulation skills for research students in UTM, Malaysia (MS and PhD. Level).

- **Webinar on Cyber Threat Spectrum (2020)**
- **Reboot Skills Ireland 2024 (3 Week Session on OT Cybersecurity)**

Memberships & other Associations:

- Pervasive Computing Research Group Universiti Teknologi Malaysia, Malaysia (Research Group Member)
- Computer Science Teachers Association Individual Membership (CSTA Membership # 7899786)
- International Association of Engineers Individual Membership (IAENG membership # 100325)
- International Association of Computer Science and Information Technology Membership for collaborative interdisciplinary research (Membership # 80331795)
- IEEE Member Since 2013
- Member of editorial board in Journal of Software Engineering & Intelligent Systems (JSEIS)
- Technical Program Committee Member in ICACCT-2017 Conference.
- Member since 2023 of LERO, the Science Foundation Ireland Research Centre for Software, University of Limerick. <https://lero.ie>
- Member of DIGI+, Ireland's leading SFI-funded research centers, <https://digipluscofund.eu/supervisors/kashif-naseer-qureshi/>
